To redeem your lift ticket, stop by one of the pickup boxes in the Bear Mountain and Snow Summit base areas and scan your barcode. To locate a pickup box, download the BBMR mobile app and go to the Pickup Box section for directions. We highly recommend taking a screenshot of your lift ticket barcode or printing your barcode prior to arriving to ensure availability when using the pickup boxes. If you need additional assistance, locate a host (look for the green jackets) or visit the ticket windows. Please note, the primary account customer name appears on each voucher, but guest names will print on each ticket.
